Subject: April ARSG Meeting Agenda

Dear Stakeholders – Attached is an agenda for the April 28th, ARSG meeting. We plan to meet both in the afternoon and evening. The evening presentations will be geared more towards people who don't regularly attend ARSG meetings. There will be a lot of information to go over. Both meetings will be at Town Hall. We will not have a call-in number because of the location.

ARSG is concerned with water quality issues. As such, there will be no discussion of EPA's request to the Town of Silverton regarding soil sampling.

Also, although EPA's sampling plan for this summer above Howardsville is not yet complete, we have maps of proposed sampling sites. It's a fairly large file. I've sent it out to people who I thought would be interested. If you'd like me to send you the file, please let me know.

Finally, Rob Robinson asked me to forward the attached letter.

Hope to see you on the 28th.

Peter Butler
